Reliable Information Has It That Brain May Go to Pittsburg and McFariand to Philadelphia.

Pitcher "Win" Kellum of the Cardinals was unconditionally sold to Ed Grille's Toleso club of the American Association late last night. Final negotiations were conducted over the long-distance tele phone from the Southern Hotel and, at the conclusion of the conversation between Stanley Robison, Grillo and Kellum. was announced that "Win" would leave St. Louis for the Buckeye city within the next three days.

The departure of Kellum is the third reduction in the Cardinal pitching corps, McGinley and Campbell being his forerunners, Kelium is a "southpan" and a clever slabman, but, with Thielman, Taylor Nichola, Brown, Egan and McFarland, the local management has a full quota of

out of the rut into which they seem to have fallen.

Dave would be a valuable man for Pittsburg and would strengthen the Pirate infield considerably. The Robisons would like to keep the player, but he has refused to may in St. Louis and play on the bench. It is stated that Infielder McBride, who is the Pirate utility player, would enter into the sale, in case Brain is disposed of to Dreyfuss.

From a reliable source it is learned that "Chappy Charles" may shortly be added to the pitching staff of Hughey Duffy's fast playing aggregation.

Mac is one of the best boxmen in the league, but his hard luck has followed him so persistently in St. Louis that both the player and the management have failed to shake it off. With such a hard-hitting crew as the Phillies ha k of Mac, it would take some fast playing to beat him. Ned Hanlon tried to get Brain and McParland, but as he could offer no utility player in exchange for Brain, the deal was immediately broken off. Clarke of Pittsburg was also anxious to get McParland. Fred declares Charles is one of the premier pitchers of the league and has not hesitated to say so.

Stanley Robisson admitted last night that negotiations were pending, but said nothing definite had been arranged regarding any of the players under consideration.

A SAD FATE.

It seems a sad fate indeed to see the young and mid-die aged man becoming prematurely old. It may or may not be their own fault, nevertheless they find themselves in a condition in which there are no pleasures to which they may look forward. Their mental and physical con-ditions weakened, they are simply existing mechanically.

Deprived of the vigor of manhood and its associate enjoyments, it makes man feel that he is a weaking among men-knowing that he is not an equal-not able to cope with his fellow-man, and he is chagrined and

We have made a study of the weaknesses of them for years, and we have not only been successful in curing thousands of cases of weakness in men past fifty years of age, but have been able to arrest the drains and step the losses in young men who, from excesses and fully, bid fair to become aged prematurely.

If you are growing trematurely old, if you are suffering from wasting drains that map your vitality and to a fit companion, that you are rapidly drifting into a condition of scallity, it behooves you to stop and think for a moment whether you are doing all that you should do to estable trimature are

We want to talk to you, and talk to you plainly, but we cannot do so through the public press, but if you can-not come to see us so we may have a heart to-heart talk, write to us. We can give you the advice of years of exwrite to us. We can give you the advice of years of ex-perience. Remember, too, that you do not need to pay us until after you are cured.
